

The Greater Green Bay KICKS Synchronized Ice Skating program would like to proudly display your business as one of our sponsors for the upcoming 2009/2010 season.

Founded in 1999, KICKS has grown from 10 skaters, to three strong teams consisting of almost 40 skaters, ages 6-17. Last season, KICKS teams competed throughout Wisconsin and brought home first place honors five times. KICKS enjoyed a break out season last year and put themselves on the map nationally by placing third at the Midwestern Sectional Championship in Colorado.

As our partner, your logo will be seen by thousands of spectators. In the Midwest alone, there are over 200 teams ranging from beginner to collegiate level representing over 3,000 participants. These teams have a large, dedicated fan base that supports their teams and their sponsors.

As you can imagine, KICKS, like most athletic teams, has a substantial annual operating cost. We rely on fundraising and sponsorships to cover the costs of ice time, coaching, travel and meal expenses, competition entry fees, costumes, team apparel, make-up, music, and other training expenses. We have implemented many team fundraisers for the individual skaters and are now pursuing opportunities for team sponsor packages.

Please take a moment to see KICKS in action by watching the short video on our website, [www.greenergreenbayfsc.com/synchro.html](http://www.greenergreenbayfsc.com/synchro.html). Also included are materials with details on how to become our partner:

- Become a "Title", "Gold", "Silver", "Bronze" or "Friend of KICKS" sponsor (see attached for details)
- Make a donation of your business's products or services to our team (makeup, meal vouchers, apparel, etc.)

Thank you for your consideration in becoming a KICKS business sponsor. Your support not only helps us financially, but also offers our athletes the opportunity to be part of a unique team sport that encourages the development of life skills in leadership, teamwork, self-discipline and dedication, both on and off the ice. As ambassadors of their sport today, our skaters will become the leaders of tomorrow.

Please contact us today to become part of this unique partnership opportunity.

Sincerely,

Kristin Jacques  
KICKS Sponsorship Committee
